

Lemonadelxp And Plainscapital Bank Win Gold At 2020 Brandon Hall Group Excellence In Technology Awards (San Antonio Express News)

LemonadeLXP, the learning experience and digital adoption platform for financial institutions, and PlainsCapital Bank have won Gold for Best Advance in Technology Innovation for the Remote Workforce at the 2020 Brandon Hall Group Excellence in Technology Awards.

"This award's pretty cool," said John Findlay, Founder and CEO of LemonadeLXP. "LemonadeLXP's goal is to build an addictive learning experience to help financial institutions upskill frontline staff. So when the pandemic hit, and FIs had to shift many of their frontliners to remote working, we were already tooled to help. Now, seeing PlainsCapital Bank use LemonadeLXP to drive better learning outcomes is super rewarding for our entire team. What's even cooler is seeing the inventive ways they've found to create effective training using LemonadeLXP's rapid authoring tools. We're even learning a few new tricks from the PlainsCapital team!"

"The LemonadeLXP program was a perfect fit for us," said Jennifer Williams, Vice President, Banking Services Training Manager at PlainsCapital Bank. "It has allowed us to expand our training footprint without taking employees out of the branch and keeps the learners engaged through gameplay. Employees are able to train at their convenience in short bursts, so they are not pulled away from assisting clients."

LemonadeLXP and PlainsCapital Bank were also awarded Bronze in the Best Advance in Gaming or Simulation Technology category. LemonadeLXP has taken home titles at Brandon Hall Group awards programs every year since 2017.
